

VisionTek®

VisionTek mSATA mini USB 3.0 Bus-Powered SSD Enclosure

VisionTek Part# 900696

TURN AN mSATA SOLID STATE DRIVE INTO A HIGH-PERFORMANCE POCKET-SIZED STORAGE SOLUTION!

Smaller than a business card... measures only 2.9"L x 1.6"W

SUPERSPEED USB 3.0 PERFORMANCE

Whether you want to add the latest SSD technology to it or simply want to re-task an existing mSATA drive after an upgrade, the VisionTek mSATA mini SSD enclosure will meet your performance and portability desires. Featuring data rates up to 600MB/s and a bus-powered design so no AC adapter is needed, this pocket-sized powerhouse is ideal for creating an on-the-go data storage, transfer, and backup solution. The sleek, scratch-resistant aluminum enclosure provides rugged durability to safeguard your data and comes complete with everything you need to start taking HD movies, music, photos, and important documents wherever you roam.
